

A Short Catechesis of Woof's World

Welcome to **Woof's World**, where our once-lonely hero pup kicks off an epic adventure! Picture a game where every challenge isn't just fun—it's a cool crash course in our Christian faith. Yep, this is all about faith, but trust us, it's anything but boring!

Our story kicks off with **Woof** feeling down about his tough start in life. But everything changes when he meets **Brother Wolf**, whose life took a bright turn after meeting the kind and adventurous **St. Francis of Assisi** in Gubbio. Inspired by **Brother Wolf's** story and guided by the footsteps of Christ, **Woof** trains and grows, eventually embracing a new name during the transformative **Baptreuecon** ritual: **WOOF**, short for 'Wonders Of Our Faith.' Now, he's ready for some serious action!

Woof's World is more than just fun and games. It's a mission against seven evil geniuses who've swiped the precious gems of virtues like peace, joy, and generosity. These baddies are more than just villains; they symbolize the vices that darken hearts and communities. **Woof's** quest? There are three: (a) To challenge these foes, (b) win back the virtues, and (c) turn enemies into allies through the power of forgiveness and redemption. In the game, **Woof** zaps the enemies but he does not use killing weapons; those are powers that come from the armor of God (check **Letter of Paul to the Ephesians 6:10-18**) and the Holy Spirit. They are meant not to harm and kill; but to heal and transform the enemies.

But there's even more! **Woof's World** offers a fresh take on gaming. Instead of the typical good-vs-evil battle with two equal powers, **Woof's** adventures mirror the true Christian story: a journey motif of creation, fall, redemption, and transformation. Playing isn't just about winning—it's about learning and growing in faith. **Woof's** steps are all about discovering his Christian identity, deeply woven into the fabric of life, community, and the cosmos.
